Vivian made my fiance and I's wedding invitations (plus some) and was nothing short of amazing! She was incredibly timely (even with being on opposite ends of the world), professional and as sweet as can be! She worked with me for days, patiently listening to my desires and then turned them into reality! The process of making our invites was enjoyable and I would (and will) highly recommend 4theLoveofStationery to anyone and everyone! Thank you so so much, Vivian! We will cherish what you have created for us forever! xo

Can't wait to send out our Save the Dates! We would highly recommend working with Vivian, she is super professional and great to collaborate with.
